Imaging modality manager CT

Organisation

Government of Jersey

Description

This role will see you leading our CT team and managing the two GE Healthcare CT scanners. As well as an expert radiographer, you'll be an ambassador for our service, inspire our team and contribute towards our QSI accreditation. It will put you right at the heart of our essential work, as you help to ensure that the service in Jersey keeps pace with advances in CT imaging and demonstrates best practice.

A relocation package is offered for off-island candidates.

To find out more please email Joanne, superintendent radiographer, j.hargreaves@health.gov.je to arrange an informal discussion.
