PoCUS teachers

Organisation

Bromley Emergency Training and Research

Description

We run training courses from a centre near Canada Water, on the Jubilee Line. We are looking for ultrasound teachers. This may suit radiologists and sonographers. We deliver PoCUS courses most weeks. We do not require highly technical expertise. Most of our learners are in the early stages of ultrasound use. We need faculty who are able to work with individuals and small groups, observing, giving feedback and explaining. Good interpersonal skills are essential.

We pay £325-350 per day for ad hoc training days. We are also interesting in part-time or full-time appointments (salary £40-£50k pro rata depending on experience).
